Future Signals and Opportunity Radar

Spot the shifts that could change your products, and choose the few worth an experiment.

How to use it. Run it monthly, with different people each time. Look across technology, customers, industry, competitors, ways of interacting, expectations of work, and rules and society.

1. Signals

SIGNAL OR TREND	WHAT IS CHANGING	CUSTOMER IMPLICATION	PRODUCT OPPORTUNITY	TIME HORIZON

2. Prompts

What is possible now that was not possible two years ago?

Which customer frustration could now disappear?

Which assumption about how people use our products may no longer be true?

What could make our current experience obsolete?

3. What we take forward

The signals worth an experiment

One or two, with a reason
